I.B.E.W. LOCAL UNION 697
INSIDE AGREEMENT

Effective June 1, 2020 through May 25, 2025

Agreement by and between the Northern Indiana Chapter, National Electrical Contractors Association (NECA) and Local Union No. 697, IBEW.

It shall apply to all firms who sign a Letter of Assent to be bound by the terms of this Agreement.

As used hereinafter in this Agreement, the term “Chapter” shall mean the Northern Indiana Chapter of NECA and the term “Union” shall mean Local Union No. 697, IBEW.

The term “Employer” shall mean an individual firm who has been recognized by an assent to this Agreement.

Any references to the male gender and use of masculine pronouns are solely for grammatical purposes and intended to be inclusive of all genders.

BASIC PRINCIPLES

The Employer and the Union have a common and sympathetic interest in the Electrical Industry. Therefore, a working system and harmonious relations are necessary to improve the relationship between the Employer, the Union and the Public. Progress in industry demands a mutuality of confidence between the Employer and the Union. All will benefit by continuous peace and by adjusting any differences by rational, common-sense methods. Now, therefore, in consideration of the mutual promises and agreements herein contained, the parties hereto agree as follows:

ARTICLE I

Effective Date, Changes, Grievances, Disputes

Section 1.01 This Agreement shall take effect June 1, 2020 and shall remain in effect through May 25, 2025, unless otherwise specifically provided for herein. It shall continue in effect from year to year thereafter, from the first Monday following the last Sunday of May through the last Sunday of May each year, unless changed or terminated in the way later provided herein.

Section 1.02 (a) Either party or an Employer withdrawing representation from the Chapter or not represented by the Chapter, desiring to change or terminate this Agreement must provide written notification at least ninety (90) days prior to the expiration date of the Agreement or any anniversary date occurring thereafter.

(b) Whenever notice is given for changes, the nature of the changes desired must be specified in the notice, or no later than the first negotiating meeting unless mutually agreed otherwise.

(c) The existing provisions of the Agreement, including this Article, shall remain in full force and effect until a conclusion is reached in the matter of proposed changes.

(d) Unresolved issues or disputes arising out of the failure to negotiate a renewal or modification of this agreement that remain on the 20th of the month preceding the next regular meeting of the Council on Industrial Relations for the Electrical Contracting Industry (CIR) may be submitted jointly or unilaterally to the Council for adjudication. Such unresolved issues or disputes shall be submitted no later than the next regular meeting of the Council following the expiration date of this agreement or any subsequent anniversary date. The Council's decisions shall be final and binding.

(e) When a case has been submitted to the Council, it shall be the responsibility of the negotiating committee to continue to meet weekly in an effort to reach a settlement on the local level prior to the meeting of the Council.

(f) Notice of a desire to terminate this Agreement shall be handled in the same manner as a proposed change.

Section 1.03 This Agreement shall be subject to change or supplement at any time by mutual consent of the parties hereto. Any such change or supplement agreed upon shall be reduced to writing, signed by the parties hereto and submitted to the International Office of the I.B.E.W. for approval, the same as this Agreement.

Section 1.04 There shall be no stoppage of work either by strike or lockout because of any proposed changes in this Agreement or dispute over matters relating to this Agreement. All such matters must be handled as stated herein.

Section 1.05 There shall be a Labor-Management Committee of three (3) representing the Union and three (3) representing the Employers. It shall meet regularly at such stated times as it may decide. However, it shall also meet within forty-eight (48) hours when notice is given by either party. It shall select its own Chairman and Secretary. The Local Union shall select the Union representatives and the Chapter shall select the management representatives.

Section 1.06 All grievances or questions in dispute shall be adjusted by the duly authorized representative of each of the parties to this Agreement. In the event that these two are unable to adjust any matter within 48 hours, they shall refer the same to the Labor-Management Committee.

Section 1.07 All matters coming before the Labor-Management Committee shall be decided by majority vote. Four (4) members of the Committee, two (2) from each of the parties hereto, shall be a quorum for the transaction of business, but each party shall have the right to cast the full vote of its membership and it shall be counted as though all were present and voting.

Section 1.08 Should the Labor-Management Committee fail to agree or to adjust any matter, such shall then be referred to the Council on Industrial Relations for the Electrical Contracting Industry for adjudication. The Council's decisions shall be final and binding.

Section 1.09 When any matter in dispute has been referred to conciliation or arbitration for adjustment, the provisions and conditions prevailing prior to the time such matter arose shall not be changed or abrogated until agreement has been reached or a ruling has been made.

Section 1.10 Any grievance not brought to the attention of responsible opposite parties to this Agreement in writing within 10 working days of its occurrence shall be deemed to no longer exist.

ARTICLE II

Employer Rights, Union Rights

Section 2.01 (a) Certain qualifications, knowledge, experience and proof of financial responsibility are required of everyone desiring to be an Employer in the Electrical Industry. Therefore, an Employer who contracts for electrical work is a person, firm or corporation whose principal business is that of electrical contracting and who having these qualifications maintains a place of business other than his home, a business telephone, has suitable financial status to meet payroll requirements, has his name and address on all company trucks, employs not less than one (1) journeyman continuously and is recognized by the Union hereto as such.

Owner In Fact

Section 2.01 (b) An employee of a closely held corporation who is a spouse or other close relative of a majority shareholder of the Employer and who enjoys special privileges or status and/or who exercises control over the company may be deemed to be an "Owner in Fact" of the company.

On behalf of any such "Owner in Fact" the Employer shall pay contributions to the Fringe Benefits Funds, pursuant to Article VI and VII of this Agreement on the basis of the gross wages of the Journeyman for the hours actually worked by such individual, but at a minimum contribution shall be made as though such individuals worked not less than forty (40) hours per week for fifty (50) weeks per year.

All determination as to an individual's status as "Owner in Fact" shall be made by the Labor Management Committee, based on consideration of the individual's special status" and/or the extent and nature of his control over the company, and shall be conclusive upon the parties. Should the Committee fail to agree, the matter shall be referred to the Council on Industrial Relations, pursuant to Section 1.08 of this Agreement.

Management Rights

Section 2.02 The Union understands the Employer is responsible to perform the work required by the owner. The Employer shall, therefore, have no restrictions except those specifically provided for in the collective bargaining agreement, in planning, directing and controlling the operation of all his work, in deciding the number and kind of employees to properly perform the work, in hiring and laying off employees, in transferring employees from job to job within the Local Union's geographical jurisdiction, in determining the need and number as well as the person who will act as Foreman, in requiring all employees to observe the Employer's and/or owner's rules and regulations not inconsistent with this Agreement, in requiring all employees to observe all safety regulations, and in discharging employees for proper cause.

Foreman Call-out by Name

Section 2.03 The employer shall have the right to call Foreman by name provided:

- (a) The employee has not quit his previous employer within the past two weeks.
- (b) The employer shall notify the Business Manager in writing of the name of the individual who is to be requested for employment as a Foreman. Upon such request, the Business Manager shall refer said Foreman provided the name appears on the highest priority group.
- (c) When an employee is called as a Foreman, he must remain as a Foreman for one thousand (1,000) hours or must receive a reduction in force.

Section 2.04 For all employees covered by this Agreement, the Employer shall carry Workmen's Compensation Insurance with a Company authorized to do business in this State, Social Security and such other protective insurance as may be required by the laws of the State in which the work is performed. He shall also make voluntary contributions to the State Unemployment Compensation Commission regardless of number of employees.

Surety Bond

Section 2.05 Each Employer shall furnish a surety bond to secure payment of wages and fringe benefits set forth in the Collective Bargaining Agreement between the parties. The bond shall provide that it may not be terminated without thirty (30) days prior written notice to the Employer and the Local Union. The amount of the bond shall be based on the average number of employees employed by the employer in a calendar year and in accord with the following schedule:

Number of Employees	Amount of Bond - Effective
1	\$10,000.00
2 - 5	\$50,000.00
6 - 10	\$100,000.00
11 - 15	\$150,000.00

201 - 250	\$2,500,000.00
251 - 300	\$3,000,000.00

For every additional thirty-one (31) employees, an additional \$450,000 bond will be required.

The bond may be adjusted during the calendar year, if necessary, to meet the above scheduled requirement.

Union Representation

Section 2.06 (a) The Employer acknowledges and agrees that a majority of its employees has

authorized the Union to represent them in collective bargaining. The Employer agrees to recognize and does hereby recognize the Union, its agents, representatives or successors as the exclusive collective bargaining agent for all employees performing electrical construction work within the jurisdiction of the Union on all present and future job sites.

(b) The Employer acknowledges the union represents a majority of its bargaining unit employees and recognizes the union under Section 9(a) of the National Labor Relations Act.

(c) The Employer understands that the Local Union's jurisdiction, both trade and territorial, is not subject for negotiations but rather is determined solely within the I.B.E.W. by the International President and, therefore, agrees to recognize and be bound by such determinations.

(d) This Agreement shall cover all phases of electrical construction. The work covered by this Agreement shall be performed only by employees within the Bargaining Unit. In the event plans or specifications indicate that electrical construction work is to be done by others, or in the event of a jurisdictional claim by another union, the contractor or his representative shall immediately notify the Business Manager of the Union.

Non-Resident Employees

Section 2.07 An Employer signatory to a Collective Bargaining Agreement or to a Letter of Assent to an Agreement with another IBEW Local Union who signs an Assent to this Agreement, may bring up to four (4) Bargaining Unit employees employed in that Local Union's jurisdiction into this Local's jurisdiction and up to two (2) Bargaining Unit employees per job from that Local's jurisdiction to this Local's jurisdiction for specialty or service and maintenance work. All charges of violations of this section shall be considered as a dispute and shall be processed in accordance with the provisions of this Agreement for the handling of grievances with the exception that any decision of a local Labor-Management Committee that may be contrary to the intent of the parties to the National Agreement on Employee Portability, upon recommendation of either or both the appropriate IBEW International Vice President or NECA Regional Executive Director, is subject to review, modification or rescission by the Council on Industrial Relations.

Favored Nations

Section 2.08 The Union agrees that if during the life of this Agreement it grants to any other Employer in the Electrical Contracting Industry on work covered by this Agreement, any better terms or conditions than those set forth in this Agreement, such better terms or conditions shall be made available to the Employer under this Agreement and the Union shall immediately notify the Employer of any such concession.

Shop Location

Section 2.09 When an Employer has no permanent shop located within the territorial scope of this Agreement, the job site shall be considered the shop location.

Section 2.10 No individual connected with an employing concern as owner, manager, superintendent, or partner shall perform any manual electrical work.

Section 2.11 Employers shall not loan their employees to another Employer without first securing the

permission of the Business Manager.

Section 2.13 Journeyman Wiremen shall install all electrical work in a safe and workmanlike manner and in accordance with applicable code and contract specifications. When necessary to use temporary light and/or power on any foundation or building work, such temporary work shall be installed in a safe manner under the terms of this Agreement.

Section 2.14 A Journeyman Wireman shall be required to make corrections on improper workmanship, for which he is responsible, on his own time and during regular working hours, unless errors were made by others of the Employer, or the Employer's representative.

Section 2.15 The Union reserves the right to discipline its members for violation of its laws, rules and agreements.

Section 2.16 All employees who are hired hereafter shall be required to become and remain members in good standing of the Union as a condition of their employment from and after the 31st day of their employment, or the effective date of this Agreement, whichever is later. However, new employees hired on construction sites only, as a condition of employment, shall become members of the Union on the eighth (8th) day after the beginning of their employment, or the effective date of this Agreement, whichever is later. (Note: This clause is not applicable where prohibited by law.)

Section 2.17 Members of the Union who fail to maintain their membership in the Union shall, upon request of the Union, be discharged. (Note: This clause is not applicable where prohibited by law.)

Stewards

Section 2.18 The Union has the right to appoint Stewards at any shop and/or job where workmen are employed under the terms of this Agreement. The Employer shall be notified and furnished the name of the Steward. Such Stewards shall be allowed sufficient time during the regular hours without loss of pay, to see that the terms and conditions of this Agreement are observed at his shop or on his job. No Steward shall be discriminated against by any Employer because of his faithful performance of duties as Steward, nor shall any Steward be removed from the job before notice has been given to the Business Manager of the Union.

Section 2.19 The representative of the Union shall be allowed access to any shop or job, at any reasonable time, where workmen are employed under the terms of this Agreement.

Section 2.20 (a) This Agreement does not deny the right of the Union, or its representatives, to render assistance to other labor organizations by removal of its bargaining unit members from jobs when necessary, and when the Union, or its representatives, decides to do so; but no removal shall take place until notice is first given to the Employer involved.

(b) Then such removal takes place, the Union or its representative, shall direct the workmen on such jobs to carefully put away all tools, materials, equipment, or any other property of the Employer in a safe manner. The Union will be financially responsible for any loss to the Employer for neglect in carrying out this provision but only when a safe place is provided for by the Employer.

Section 2.22 All Journeymen shall furnish the following minimum set of tools. A value shall be set on each tool contained on the tool list. Copies of this tool list shall be furnished to all Employers. Section 2.30 The Local Union is a part of the International Brotherhood of Electrical Workers, and any violation or annulment by an individual Employer of the approved Agreement of this or any other Local Union of the I.B.E.W., other than violations of Paragraph 2 of this Section, will be sufficient cause for the cancellation of this Agreement by the Local Union, after a finding has been made by the International President of the Union that such a violation or annulment has occurred.

The subletting, assigning or transfer by an individual Employer of any work in connection with electrical work to any person, firm or corporation not recognizing the I.B.E.W. or one of its local unions as the collective bargaining representative of his employees on any electrical work in the jurisdiction of this or any other Local Union to be performed at the site of the construction, alteration, painting, or repair of a building, structure or other work, will be deemed a material breach of this Agreement.

Section 4.02 The Union shall be the sole and exclusive source of referral of applicants for employment.

Section 4.03 The Employer shall have the right to reject any applicant for employment.

Section 4.04 The Union shall select and refer applicants for employment without discrimination against such applicants by reason of membership or non-membership in the Union and such selection and referral shall not be affected in any way by rules, regulations, bylaws, constitutional provisions or any other aspect or obligation of Union membership policies or requirements. All such selection and referral shall be in accord with the following procedure.

Section 4.05 The Union shall maintain a register of applicants for employment established on the basis of the Groups listed below. Each applicant for employment shall be registered in the highest priority Group for which he qualifies.

Journeyman Wireman -- Journeyman Technician

An applicant who qualifies for Group I in a local union shall be so registered electronically and remain on Group I in that local union unless and until the applicant designates another local union as his or her Group I local union. If an applicant qualifies for Group I status in a local union other than his or her home local union and designates that local as his or her Group I local union, the business manager of the new Group I status local union shall by electronic means notify the business manager of the applicant's former Group I status local union.

GROUP II

All applicants for employment who have four or more years' experience in the trade and who have passed a Journeyman Wireman's examination given by a duly constituted Inside Construction Local Union of the I.B.E.W. or have been certified as a Journeyman Wireman by any Inside Joint Apprenticeship and Training Committee.

Section 4.07 The Employer shall notify the Business Manager promptly of the names and Social Security numbers of such "temporary employees" and shall replace such "temporary employees" as soon as registered applicants for employment are available under the Referral Procedure.

Section 4.08 "Normal construction labor market" is defined to mean the following geographical area plus the commuting distance adjacent thereto which includes the area from which the normal labor supply is secured. Lake and Newton Counties, Indiana.

The above geographical area is agreed upon by the parties to include the area defined by the Secretary of Labor to be the appropriate prevailing wage area under the Davis-Bacon Act to which the Agreement applies.

Section 4.09 "Resident" means a person who has maintained his permanent home in the above defined geographical area for a period of not less than one year or who, having had a permanent home in this area, has temporarily left with the intention of returning to this area as his permanent home.

Section 4.10 An "Examination" shall include experience rating tests if such examination shall have been given prior to the date of this procedure, but from and after the date of this procedure, shall include only written and/or practical examinations given by a duly constituted Inside Construction Local Union of the I.B.E.W. Section 4.14 (a) Employers shall advise the Business Manager of the Local Union of the number of applicants needed. The Business Manager shall refer applicants to the Employer by first referring applicants in Group I in the order of their place on the "Out of Work List" and then referring applicants in the same manner successively from the "Out of Work List" in Group II, then Group III, and then Group IV. Any applicant who is rejected by the Employer shall be returned to his appropriate place within his Group and shall be referred to other employment in accordance with the position of his Group and his place within his Group.

Repeated Discharge

Section 4.14 (b) An applicant who is discharged for cause two times within a 12-month period shall be referred to the neutral member of the Appeals Committee for a determination as to the applicant's continued eligibility for referral. The neutral member of the Appeals Committee shall, within three* business days, review the qualifications of the applicant and the reasons for the discharges. The neutral member of the Appeals Committee may, in his or her sole discretion:

Therefore, the Business Manager shall refer the first applicant on the register satisfying the applicable age requirements provided, however, that all names in higher priority Groups, if any, shall first be exhausted before such overage reference can be made.

Section 4.16 An Appeals Committee is hereby established composed of one member appointed by the Union, one member appointed by the Employer or the Association, as the case may be, and a Public Member appointed by both these members.

Section 4.17 It shall be the function of the Appeals Committee to consider any complaint of any employee or applicant for employment arising out of the administration by the Local Union of Sections 4.04 through 4.15 of the Agreement. The Appeals Committee shall have the power to make a final and binding decision on any such complaint which shall be complied with by the Local Union. The Appeals Committee is authorized to issue procedural rules for the conduct of its business, but it is not authorized to add to, subtract from, or modify any of the provisions of this Agreement and its decisions shall be in accord with this Agreement.

Section 4.18 A representative of the Employer or of the Association, as the case may be, designated to the Union in writing, shall be permitted to inspect the Referral Procedure records at any time during normal business hours.

Section 4.19 A copy of the Referral Procedure set forth in this Agreement shall be posted on the Bulletin Board in the offices of the Local Union and in the offices of the Employers who are parties to this Agreement.

Section 4.20 Apprentices shall be hired and transferred in accordance with the Apprenticeship provisions of the Agreement between the parties.

Temporary employees, if any are employed, shall be laid off first. Then employees in Group IV shall be laid off next, if any are employed in this Group. Next to be laid off are employees in Group III, if any are employed in this group, then those in Group II, and then those in Group I.

Paragraph (a) will not apply as long as the special skills requirement as provided for in Section 4.15(a) is required.

Supervisory employees covered by the terms of this Agreement will be excluded from layoff as long as they remain in a supervisory capacity. When they are reduced to the status of Journeyman, they will be slotted in the appropriate group in paragraph (a) above.

ARTICLE V

Standard Inside Apprenticeship Language

Section 5.01 There shall be a local Joint Apprenticeship and Training Committee (JATC) consisting of a total of either 6 or 8 members who shall also serve as Trustees to the local apprenticeship and training trust. An equal number of members (either 3 or 4) shall be appointed, in writing, by the local chapter of the National Electrical Contractors Association (NECA) and the local union of the International Brotherhood of Electrical Workers (IBEW).

The local apprenticeship standards shall be in conformance with national guideline standards and industry policies to ensure that each apprentice has satisfactorily completed the NJATC required hours and course of study. All apprenticeship standards shall be registered with the NJATC before being submitted to the appropriate registration agency.

The JATC shall be responsible for the training of apprentices, journeymen, installers, technicians, and all others (unindentured, intermediate journeymen, etc.)

Section 5.02 All JATC member appointments, reappointments and acceptance of appointments shall be in writing. Each member shall be appointed for a three (3) year term, unless being appointed for a lesser period of time to complete an unexpired term. The terms shall be staggered, with one (1) term from each side expiring each year. JATC members shall complete their appointed term unless removed for cause by the party they represent, or they voluntarily resign. All vacancies shall be filled immediately.

The JATC shall select from its membership, but not both from the same party, a Chairman and a Secretary who shall retain voting privileges. The JATC will maintain one (1) set of minutes for JATC committee meetings and a separate set of minutes for trust meetings. The JATC should meet on a monthly basis, and also upon the call of the Chairman.

Section 5.03 Any issue concerning an apprentice, or an apprenticeship matter shall be referred to the JATC for its review, evaluation and resolve; as per standards and policies. If the JATC deadlocks on any issue, the matter shall be referred to the Labor-Management Committee for resolution as outlined in Article I of this agreement; except for trust fund matters, which shall be resolved as stipulated in the local trust instrument.

Section 5.04 There shall be only one (1) JATC and one (1) local apprenticeship and training trust. The JATC may, however, establish joint subcommittees to meet specific needs, such as residential or telecommunications apprenticeship. The JATC may also establish a subcommittee to oversee an apprenticeship program within a specified area of the jurisdiction covered by this agreement. All subcommittee members shall be appointed, in writing, by the party they represent. A subcommittee member may or may not be a member of the JATC.

Section 5.05 The JATC may select and employ a part-time or a full-time Training Director and other support staff, as it deems necessary. In considering the qualifications, duties and responsibilities of the Training Director, the JATC should review the Training Director's Job description provided by the NJATC. All employees of the JATC shall serve at the pleasure and discretion of the JATC. All employees of the JATC shall serve at the pleasure and discretion of the JATC.

Section 5.06 To help ensure diversity of training, provide reasonable continuous employment

opportunities and comply with apprenticeship rules and regulations, the JATC, as the program sponsor, shall have full authority for issuing all job training assignments and for transferring apprentices from one Employer to another. The Employer shall cooperate in providing apprentices with needed work experiences. The local union referral office shall be notified, in writing, of all job training assignments. If the employer is unable to provide reasonable continuous employment for apprentices, the JATC is to be so notified.

Section 5.07 All apprentices shall enter the program through the JATC as provided for in the registered apprenticeship standards and selection procedures.

An apprentice may have their indenture canceled by the JATC at any time prior to completion as stipulated in the registered standards. Time worked and accumulated in apprenticeship shall not be considered for apprentice period payroll or local union referral purposes until the apprentice has satisfied all conditions of apprenticeship. Individuals terminated from apprenticeship shall not be assigned to any job in any classification, or participate in any related training, unless they are reinstated in apprenticeship as per the standards or they qualify through means other than apprenticeship at some time in the future, but no sooner than two (2) years after their class has completed apprenticeship, and they have gained related knowledge and job skills to warrant such classification.

Section 5.08 The JATC shall select and indenture a sufficient number of apprentices to meet local manpower needs. The JATC is authorized to indenture the number of apprentices necessary to meet the job site ratio as per Section 5.12.

Section 5.09 Though the JATC cannot guarantee any number of apprentices; if a qualified employer requests an apprentice, the JATC shall make every effort to honor the request. If unable to fill the request within ten (10) working days, the JATC shall select and indenture the next available person from the active list of qualified applicants. An active list of qualified applicants shall be maintained by the JATC as per the selection procedures.

Section 5.10 To accommodate short-term needs when apprentices are unavailable, the JATC shall assign unindentured workers who meet the basic qualifications for apprenticeship. Unindentured workers shall not remain employed if apprentices become available for OJT assignment. Unindentured workers shall be used to meet job site ratios except on wage and hour (prevailing wage) job sites.

Before being employed, the unindentured person must sign a letter of understanding with the JATC and the employer - agreeing that they are not to accumulate more than two thousand (2,000) hours as an unindentured, that they are subject to replacement by indentured apprentices and that they are not to work on wage and hour (prevailing wage) job sites.

Should an unindentured worker be selected for apprenticeship, the JATC will determine, as provided for in the apprenticeship standards, if some credit for hours worked as an unindentured will be applied toward the minimum OJT hours of apprenticeship.

The JATC may elect to offer voluntary related training to unindentured; such as Math Review, English, Safety, Orientation/Awareness, Introduction to OSHA First Aid and CPR. Participation shall be voluntary.

Section 5.11 The Employer shall contribute to the local Health and Welfare plans and to the National Electrical Benefit Fund (NEBF) on behalf of all apprentices and unindentured. Contributions to other benefit plans may be addressed in other sections of this Agreement.

Apprentice Ratio

Section 5.12 Each job site shall be allowed a ratio of two (2) apprentices for every three (3) Journeyman Wiremen. (The local parties will determine the job site ratio; however, the ratio shall not be less than two apprentices for every three journeymen or fraction thereof. Should the parties agree to a ratio higher than the minimum 2 to 3, the following table must be modified to reflect the larger number of allowable apprentices.)

Number of Journeyman on the Job	Maximum Number of Apprentices and/or Unindentured allowed
1 - 3	2
4 - 6	4
7 - 9	6
10 - 12	8
13 - 15	10
16 - 18	12

etc.	etc.

The first person assigned to any job site shall be a Journeyman Wireman.

A job site is considered to be the physical location where employees report for their work assignments. The Employer’s shop (service center) is considered to be a separate, single job site.

All other physical locations where workers report for work are each considered to be a single, separate job site.

Section 5.13 An apprentice is to be under the supervision of a Journeyman Wireman at all times. This does not imply that the apprentice must always be in sight of a Journeyman Wireman. Journeymen are not required to constantly watch the apprentice. Supervision will not be of a nature that prevents the development of responsibility and initiative. Work may be laid out by the Employer’s designated supervisor or Journeyman based on their evaluation of the apprentice’s skills and ability to perform the job tasks. Apprentices shall be permitted to perform job tasks in order to develop job skills and trade competencies. Journeymen are permitted to leave the immediate work area without being accompanied by the apprentice.

Apprentices who have satisfactorily completed the first four (4) years of related classroom training using the NJATC curriculum and accumulated a minimum of 6,500 hours of OJT with satisfactory performance, shall be permitted to work alone on any job site and receive work assignments in the same manner as a Journeyman Wireman. An apprentice shall not be the first person assigned to a job site and apprentices shall not supervise the work of others.

Section 5.14 Upon satisfactory completion of apprenticeship, the JATC shall issue all graduating apprentices an appropriate diploma from the NJATC. The JATC shall encourage each graduating apprentice to apply for college credit through the NJATC. The JATC may also require each apprentice to acquire any electrical license required for Journeymen to work in the jurisdiction covered by this Agreement.

Section 5.15 The parties to this Agreement shall be bound by the Local Joint Apprenticeship and Training Trust Fund Agreement which shall conform to Section 302 of the Labor-Management Relations Act of 1947 as amended, ERISA and other applicable regulations. The Trustees authorized under this Trust Agreement are hereby empowered to determine the reasonable value of any facilities, materials or services furnished by either party. All funds shall be handled and disbursed in accordance with the Trust Agreement.

The individual Employer hereby accepts and agrees to be bound by the Restated Employees Benefit Agreement and Trust.

An individual Employer who fails to remit as provided above shall be additionally subject to having his Agreement terminated upon seventy two (72) hours notice in writing, being served by the Union, provided the individual Employer fails to show satisfactory proof that the required payments have been paid to the appropriate local collection agent.

The failure of an individual Employer to comply with the applicable provisions of the Restated Employees Benefit Agreement and Trust shall also constitute a breach of this Labor Agreement.

ARTICLE VII

Agreement Enforcement

Section 7.01 The failure of an individual Employer to comply with the provisions of this Agreement or any agreement or declaration of trust establishing any of the Funds for which contributions or payments are made under this Article, shall constitute a breach of this Agreement. In the event an Employer fails to comply, upon the giving of seventy-two (72) hours written notice to such Employer, the Union at its option, may terminate this Agreement. It is understood that time is of the essence with respect to compliance. The remedy provided for herein shall not be exclusive of any other remedy by way of suit in law or in equity, or otherwise for the collection of the amounts due either by the Union or by the Trustees or administrators of any of the Funds.

Section 7.02 If a monthly payroll report and payment does not arrive at NECA's Michigan City office before the close of business on the 15th of the month following the month the work was performed, it will be declared delinquent and will require a separate check for ten (10%) percent liquidated damages plus twenty five (\$25.00) dollars processing fee as late charges.

If the 15th falls on a Saturday, Sunday or Holiday, the payment and report will be due by the close of business on the next business day.

Current business hours are 7:00 a.m. to 4:00 p.m. central time, Monday thru Friday. Mail slot drop-offs after 4:00 p.m. are processed on the next business day.

If a delinquent payment is not received by the NECA office before the close of business on the 27th of the same month, twenty (20%) percent liquidated damages plus twenty five (\$25.00) dollars processing fee as late charges, will be charged and the account will be turned over to the attorney for collection. Additional attorney fees and cost will be assessed.

If the 27th falls on a Saturday, Sunday or Holiday, the payment and report will be due by the close of

business on the next business day.

If a check is returned because of insufficient funds, it must be replaced by a Certified Check or Money Order and this form of payment will be required for the next 6 months.

When an Employer has accumulated at least one year (12 months) of timely payments, they shall be eligible for one “grace period” on a late payment. Said payment must be received in the NECA office by the 20th of the month in which the payment was due.

In the event an Employer fails to withhold said sums or fails to pay such as above outlined, then the Union shall have the option, upon seventy-two (72) hours written notice to such delinquent Employer, and with a copy of same to NECA, to direct its members to cease work for the Employer. The parties to this Agreement agree that such action will not be in violation of Article I, Section 1.04 and is not to be construed as a termination of this Agreement.

Section 7.03 In the event an Employer is delinquent or in the event the Trustees of any Fund or the Union question the authenticity or accuracy of the information completed on the forms or in the event of a belief that the amounts being transmitted are not in accordance with the terms of this Agreement, the Trustees of any Fund or the Union shall have the right, upon reasonable notice, to inspect the books of any Employer or to have an examination of same made by a certified public accountant. In the event there is a delinquency in payment of the amounts required on the due date or in the event any discrepancy is discovered, the Employer shall bear the accounting costs incurred by the Trustees or the Union.

Section 7.04 The intent of this Article is to attempt to insure compliance with this Agreement and with the various Trust Agreements established hereunder. The parties understand that compliance is a very important facet of the collective bargaining relationship.
